Cha-Ching: | for Mac | for iPhone

Cha-Ching 2

Fun and Easy Personal Finance

Download the Beta

*Requires Mac OS 10.5 Leopard

Easy to use

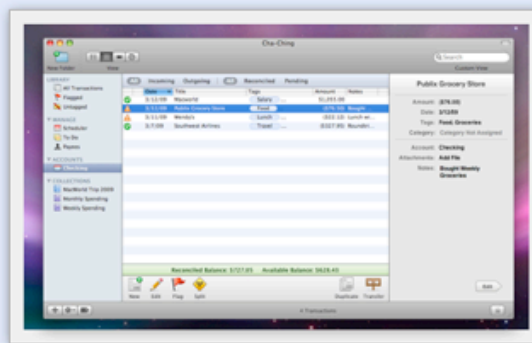

Cha-Ching is the easiest and most flexible personal finance software available for Mac OS X and the iPhone.

-  Fast editing and data entry
-  Split transactions for greater accuracy
-  Built in WebKit based browser

Manage Bills

Paying bills is never fun. Paying late fees is even worse.

-  Schedule recurring expenses and credits

Sync with iPhone

With Cha-Ching for iPhone coming soon to the App Store, you will never be without your financial information again.

Cha-Ching is perfect for couples getting started managing a shared budget. You can sync your Cha-Ching library seamlessly with any

Track Spending

Cha-Ching 2 uses tags in addition to categories to accurately track your spending down to the penny. Cha-Ching provides an extremely flexible way to manage personal finances.

-  Flag transactions for follow up
-  Smart Collections to automatically track spending
-  Collect transactions and print expense reports

Fast Search

Cha-Ching can instantly search through thousands of transactions to find what you are looking for.

However it lacks all of the bells and whistles that Personal Capital and Mint have.

1. [financial software reviews](#)
2. [mint financial software reviews](#)
3. [quicken financial software reviews](#)

It displays key information using at-a-glance widgets that show you snapshots of bank balances invoices owed total cash in and out outstanding bills tasks and more.. However as with all such services there is no guarantee that it will work with all financial institutions and may not always work perfectly.. It displays important information with the help of at a glance widgets that show you snaps of bank balances bills owed total cash in and out outstanding bills tasks and more.. Quicken is also a good choice if you have multiple accounts or larger assets to track since the desktop application is well-suited to manage built-out portfolios.. But all the bells and whistles that the Personal Capital and Mint have are lacking.
